WARDROBE SYSTEM

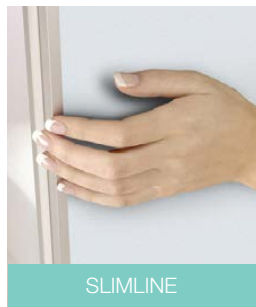

refined wardrobes for contemporary room designs

## loft frame options

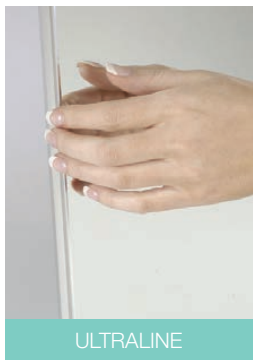

### loft slimline

Loft Slimline is a sleek and contemporary profile. The stile ensures easy operation with a minimal look. Add Pivotech's low profile handle for additional finish.

Slimline suits glass, mirror, and board infills.

SLIMLINE

ULTRALINE

### loft ultraline

"Barely-there", our Loft Ultraline features a refined 2mm edge.

Create a virtually frameless look by partnering Loft with glass or mirror.

For additional polish and performance, include our low profile handle.

The Loft wardrobe door system offers the choice of two sleek designs, Slimline and Ultraline. Both accommodate mirror, coloured glass, and board.

Loft Slimline and Loft Ultraline come in a large collection of finishes and colours to accent your room's interior design vision.

## flexible & durable

- can be designed and manufactured to suit many configurations
- high quality rollers ensure continuous, quiet operation
- designed for easy cleaning and less dust build-up
- door weights can be up to 50kgs
- our quality hardware is in compliance with relevant Australian Standards
