

Wardrobe Prefabrication

Framed & Semi-Framed designs

WARDROBE DOORS BUILT FOR YOU

Adding beautiful, high-performance wardrobe door systems to your product portfolio is simple with Pivotech's easy online design and order app. Log onto PivotPoint Pro, Pivotech's product configurator, design the system you want, click "place order", and turn your time and attention to other projects on your *to do* list. We'll have your robe doors made and ready to pick up or arrange delivery to you.

BENEFIT YOUR BUSINESS

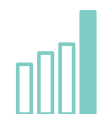

Pick up or delivery

Pick up your order at our Brendale fabrication facility or check with our team if you are in our QLD delivery zone.

Manage overflows

Pivotech prefabricated wardrobes complement your manufacturing capacity. During times of high work volumes or labour shortages, we help you meet your customers' expectations.

Grow your business

Easily add wardrobe door systems to your product catalogue. Your customers will appreciate you including the wardrobe doors with other work you're doing for them.

FRAME PROFILES

ESTATE framed

A rounded traditional design with a grip stile handle incorporated into the frame with a bump strip.

DECO framed

The contemporary look enhances design with a low profile bump strip. Soft close option.

DECO trim

Modern styling with a minimalist grip stile for aesthetic appeal. No bump strip. Soft close option.

LOFT slimline

Sleek and contemporary, the stile ensures easy operation with a minimal look for glass panel options only with narrow bump strip.

ION narrow track

A practical solution for small bedrooms, hallway laundries, and other small living areas. Reduce track widths for easy retrofit. No bump strip.
